

International Society
for Gastrointestinal Hereditary Tumours

7TH BIENNIAL *meeting*

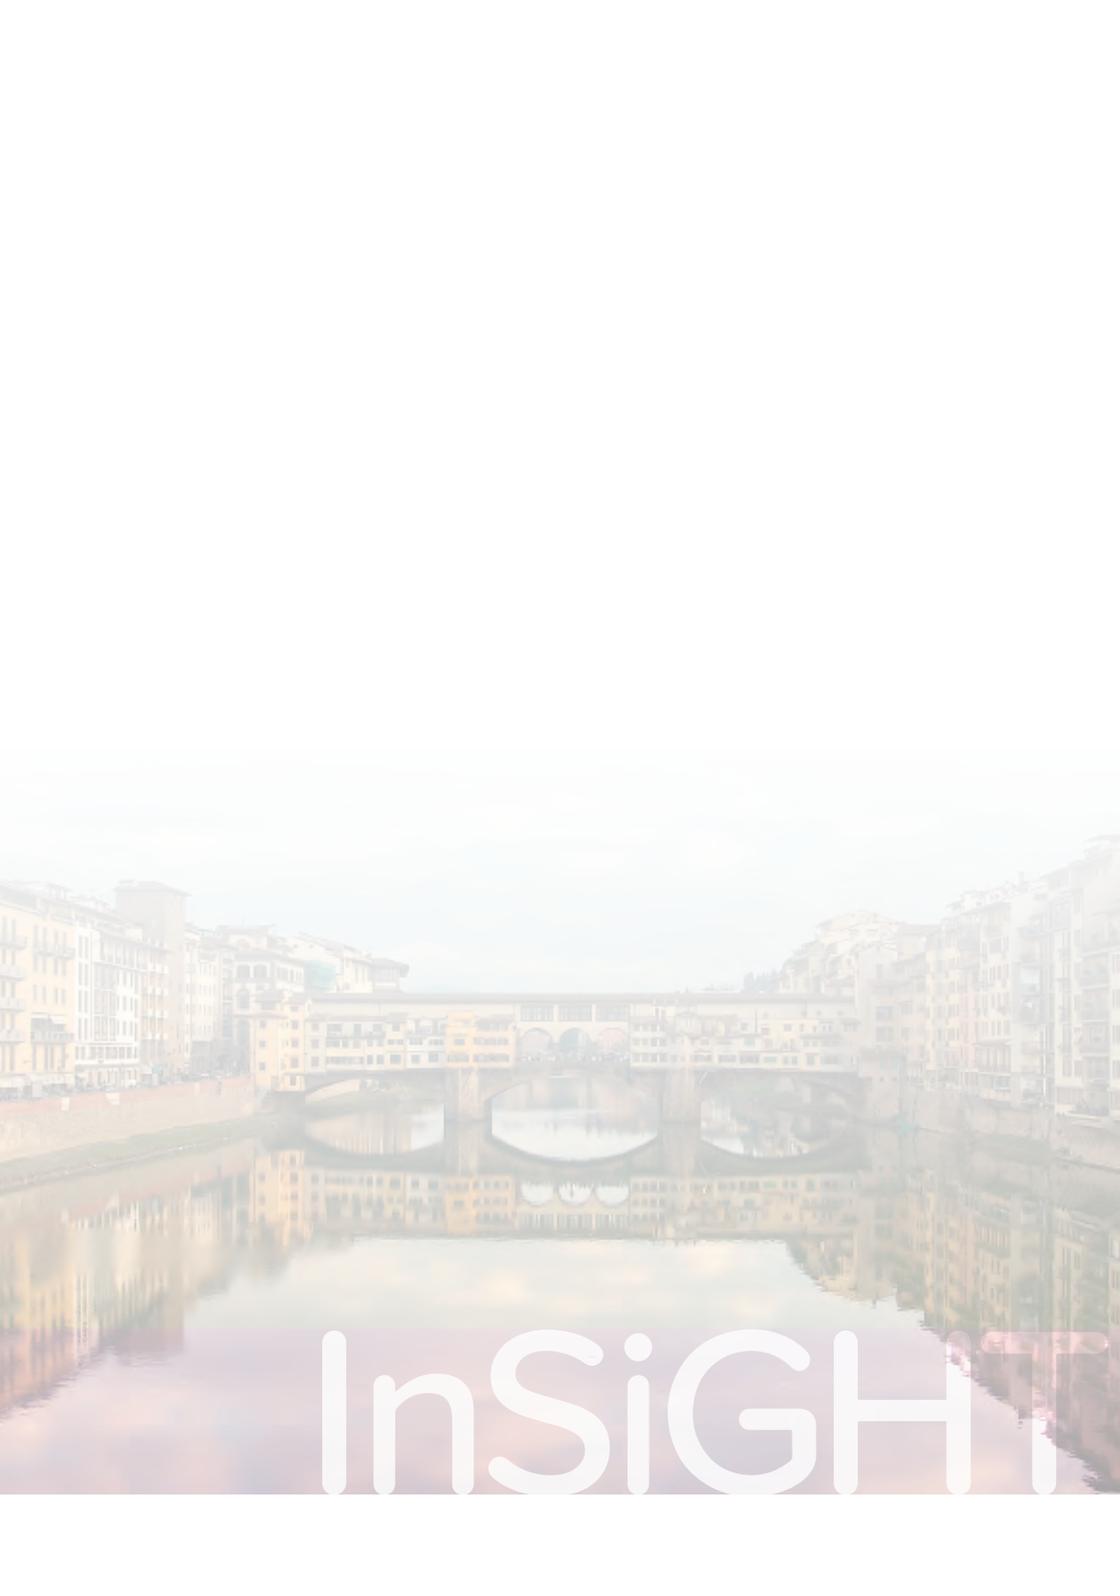

July 5 -8th 2017

Palazzo dei Congressi

Piazza Adua, 1- Florence, Italy

FLORENCE 2017

InSiGHT

7th Biennial *Meeting*
of the International Society
For Gastrointestinal Hereditary Tumours (InSiGHT)

FLORENCE 2017

Florence, Italy, July 5-8, 2017

Wednesday July 5

Auditorium

18.30

Opening ceremony ■

AIFEG (Associazione Italiana per lo Studio della Familiarità ed Ereditarietà dei Tumori Gastrointestinali) lecture

Introduction: *Guglielmina Nadia Ranzani (Pavia, Italy),
Benedito Rossi (Sao Paulo, Brazil),*

“Diet, inflammation and stem cells: trading off regenerative response with colon cancer risk”

Riccardo Fodde (Rotterdam, Netherlands)

- The opening ceremony will be held in the Auditorium of Villa Victoria and the welcome cocktail will take place in its garden

Thursday July 6

Auditorium

08.00-10.30

Plenary session

*Chairs: Gabriel Capellá (Barcelona, Spain),
Daniela Turchetti (Bologna, Italy)*

Novel germline and somatic molecular mechanisms

Lecture: Novel colorectal polyposis genes
Stefan Aretz (Bonn, Germany)

Selected presentations from submitted abstracts

The Jeremy Jass lecture

Introduction: *Finlay Macrae (Melbourne, Australia)*
EMAST: a marker of tumor predisposition and treatment response - *John Carethers (Ann Arbor, USA)*

10.30-11.00

Coffee break

Passi Perduti

11.00-13.00

Plenary session

*Chairs: Bernardo Bonanni (Milan, Italy),
Dennis J. Ahnen (Denver, USA)*

Risks, surveillance and prevention For GI and non GI cancers

Lecture: Chemoprevention in hereditary GI cancer
Patrick Lynch (Houston, USA)

Selected presentations from submitted abstracts

The David Jagelman lecture

Introduction: *Susan Parry (Auckland, New Zealand)*
Early onset colorectal cancer: a rising problem
Thomas Weber (New York, USA)

13.00-14.00

Lunch break

Passi Perduti

14.00-16.00

Plenary session

*Chairs: Nicoline Hoogerbrugge (Nijmegen, Netherlands),
Maria Grazia Tibiletti (Varese, Italy)*

Next generation sequencing For diagnosis and research

Lecture: The complexity of colorectal cancer predisposition: challenges for the diagnosis of genetic syndromes
Thierry Frebourg (Rouen, France)

Selected presentations from submitted abstracts

The Meera Khan lecture

Introduction: *Ian Frayling (Cardiff, UK)*
The complexity of colorectal cancer predisposition: challenges for the identification of novel syndromes
Laura Valle (Barcelona, Spain)

16.00-16.30

Coffee break

Passi Perduti

16.30-17.30

Plenary session in collaboration with with the meeting of Italian Medical Oncologists "ASCO Updates"

*Chairs: Roberto Labianca (Bergamo, Italy),
Eric Van Cutsem (Leuven, Belgium)*

Focus on novel treatments For genetically unstable tumors

Immune response in MSI-H colorectal cancers
Magnus von Knebel-Doeberitz (Heidelberg, Germany)

Immunotherapy for GI cancers: current status and perspectives - *Erik Hooijberg (Amsterdam, Netherlands)*

Research opportunities in unstable tumors
Elisa Giommoni (Florence, Italy)

17.30-18.40

Plenary session

*Chairs: Elke Holinski-Feder (Munich, Germany),
Minna Nyström (Helsinki, Finland)*

Selected presentations from submitted abstracts

Friday July 7

Auditorium

08.00-10.00

Concurrent session 1

*Chairs: Richard Boland (Dallas, USA),
Giovanni Battista Rossi (Naples, Italy)*

Advances in surgery and endoscopy For GI cancers

Lecture: Advances in surgery for Hereditary GI predisposition: state of the art
Gabriela Möslein (Wuppertal, Germany)

Selected presentations from submitted abstracts

The Sir Ian Todd lecture

Introduction: *Susan Clark (London, UK)*

Detection and resection of polyps: state of the art
Evelien Dekker (Amsterdam, Netherlands)

Concurrent session 2**Variant Interpretation Committee meeting**

Coordinators: *Elke Holinski-Feder (Munich, Germany)*

Finlay Macrae (Melbourne, Australia)

John-Paul Plazzer (Melbourne, Australia)

10.00-10.30

Coffee break

Passi Perduti

Auditorium

10.30-11.30

Plenary interactive session

Challenges in the diagnosis and management of hereditary cancer syndromes:

Clinical case discussions

James F. Church (Cleveland, USA)

Miguel Rodriguez-Bigas (Houston, USA)

Luigi Laghi (Milan, Italy)

11.30-13.00

Plenary session

Chairs: Susan Parry (Auckland, New Zealand),

Marco Vitellaro (Milan, Italy)

Clinical aspects, natural history and treatment

Selected presentations from submitted abstracts

13.00-14.00

Lunch break

Passi Perduti

Auditorium

14.00-16.00

Plenary session

Chairs: Annika Lindblom (Sweden),

Allan Spigelman (Sydney, Australia)

Less common GI cancer syndromes

Lecture. Strategies and challenges of CMMRD diagnostics - *Katharina Wimmer (Innsbruck, Austria)*

Selected presentations from submitted abstracts

The Aldred Scott Warthin lecture

Introduction: *Patrick Lynch (Houston, Texas)*

Hereditary gastric cancer: beyond CDH1.

Nicoline Hoogerbrugge (Nijmegen, Netherlands)

16.00-17.40

Plenary session

Chairs: Inge Bernstein (Aalborg University hospital, Denmark),

Thomas Weber (New York, USA)

Counseling and psychosocial issues

Selected presentations from submitted abstracts

The Kay Neale lecture

Introduction: *Andrew Latchford (London, UK)*

Challenging Genetic Counseling Issues in Cancer Genetics

Heather Hampel (Columbus, USA)

17.40-18.40

Business Meeting

20.30

Gala Dinner

Roster's Tepidarium

Saturday July 8

Auditorium

08.30-10.30

Plenary session

Chairs: James F. Church (Cleveland, USA),

Finlay Macrae (Melbourne, Australia)

Cancer risks in hereditary GI syndromes

Lecture. Genetic epidemiology of colorectal cancer predisposition in 2017

Mark Jenkins (Melbourne, Australia)

Selected presentations from submitted abstracts (including late breaking communications)

The Henry Lynch lecture

Introduction: *Allan Spigelman (Sydney, Australia)*

The Prospective Lynch Syndrome Database: providing prospectively observed knowledge for personalized medicine - *Pål Møller (Oslo, Norway)*

10.30-11.00

Coffee break

Passi Perduti

11.00-12.45

Plenary session

Chairs: *Rolf Sijmons (Groningen, Netherlands),
Elena Stoffel (Ann Arbor, USA)*

Collaborative studies and regional groups

EHTG: the European Hereditary Tumour Group
Gabriela Möslein (Bochum, Germany)

CGA: the Collaborative Group of Americas
Sonia Kupfer (Chicago, USA)

Updates from the Latin American Group.
Benedito Rossi (São Paulo, Brazil)

The Asia Pacific chapter of InSiGHT.
*Finlay Macrae (Melbourne, Australia),
Susan Parry (Auckland, New Zealand)*

AIFEG: the Italian Association for the Study of Familial and
Hereditary Gastrointestinal Tumors
Guglielmina Nadia Ranzani (Pavia, Italy)

Genturis: the European Reference Network on rare genetic
tumour risk syndromes
Nicoline Hoogerbrugge (Nijmegen, Netherlands)

The optimal dose and duration of daily aspirin as a cancer
preventive in Lynch Syndrome: the CaPP3 study
Sir John Burn (Newcastle, UK)

EPA for Life
Luigi Ricciardiello (Bologna, Italy)

Worldwide study of cancer risks for Lynch Syndrome:
International Mismatch Repair Consortium
Mark Jenkins (Melbourne, Australia)

12.45-13.30

Plenary session (concurrent with first session of the patient advocacy group meeting)

*Chairs: Marc Greenblatt (Burlington, USA),
Michael O. Woods (Canada)*

Human Genome Variation and the role of InSiGHT

The Human Variome Project and the BRCA Challenge
Sir John Burn (Newcastle, UK)

The role and activities of Country Nodes in the Human Variome Project

Helen M. Robinson (Melbourne, Australia)

The InSiGHT variant databases

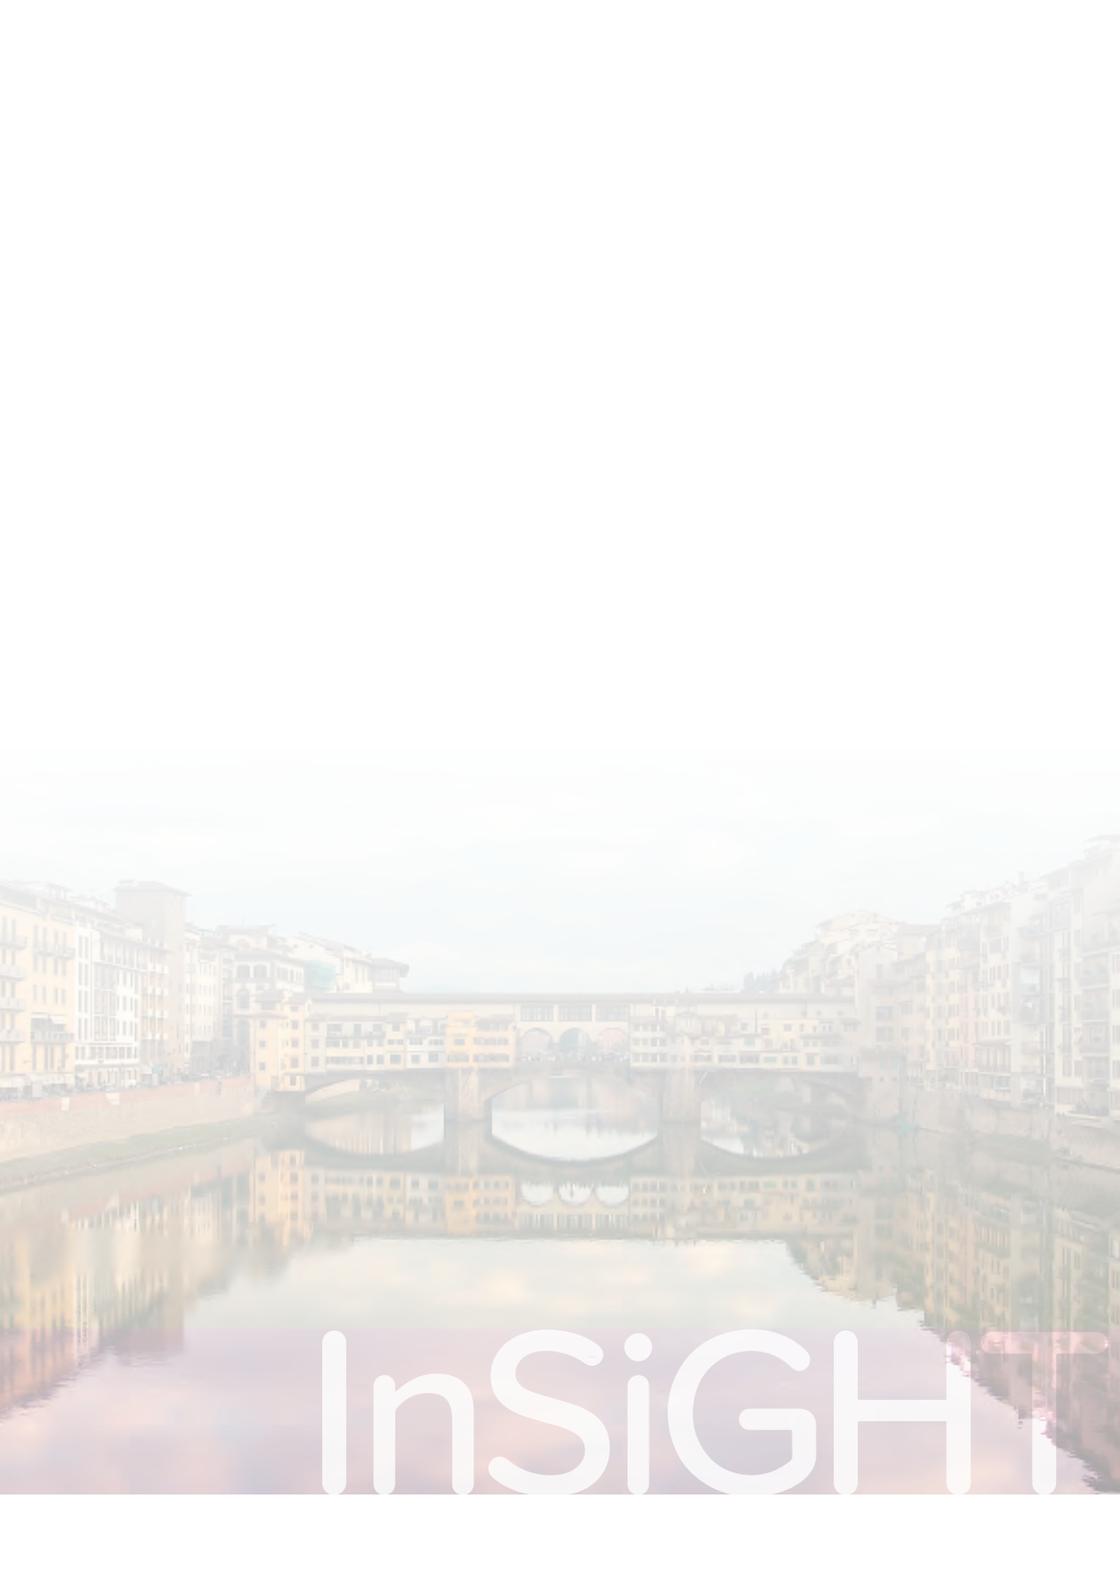

John Paul Plazzer, Finlay Macrae (Melbourne, Australia)

13:30 **Conclusion and Invitation to Auckland 2019**

Maurizio Genuardi, Susan Parry, Luigi Ricciardiello
